# lincoln children's museum

lincolnchildrensmuseum.org

**Today I am going to the Lincoln Children's Museum.**

**I will know I am there when I see the blue and red balls in front of the building!**

**When I first walk into the museum and I look to my right I will see a climbing exhibit that might look like potato chips in a net. It is really cool!**

**I will also see lockers and the gift shop. A great place to stop at the end of my visit to the museum!**

I may need to wait in line. I will wait patiently for my turn.

When it is my turn, the Museum staff will check us in. My adult can ask for a special bracelet for me to let staff know that I may need extra help during my visit.

**Some places in the Museum may be exciting and loud. I will need to remember to take turns with other visitors and try to stay calm.**

**If I am having a hard time, my grown-up can ask for a sensory bag at the Welcome Desk to make my visit more enjoyable.**

**To keep my hands clean and stay healthy while I play, I will find the sanitizer stops located on poles or walls throughout the Museum.**

**I can find a map of the Museum at the Welcome Desk. It will help me decide what to see at the Museum.**

**I know I will have to follow the rules and listen to my adult while I am at the Museum.**

**If I'm lost, I can talk to the friendly security guard right next to the front desk! They are here to keep me SAFE! If I get lost or scared this is a GREAT place to stop.**

**When I am all done playing:**

- **It’s important for toys and costumes to go back to their homes for the next group.**
- **Then it will be time to go. I will meet with my class at the front desk.**

**I can't wait to come and play again soon!**

# Here is a full list of the areas I can visit at the museum.

## exhibits

1. Hausmann Cuckoo Construction
2. BNSF Railway

10. Cessna 150
11. Tinker Theater powered by Molex
12. FNBO Huskers Photo Booth

Exhibit
Staff Area
Overlook
Elevators

**Bathrooms are located on each floor. The potties at the Museum are not self-flushing so there are fewer unexpected noises.**

## Main Floor

## Upper Floor

## Lower Floor

# Main Floor

**There are so many exciting things to explore at the Museum!**

**When I play on the main floor, I will notice a bank, a Rockwall, Runza, flow graphics, vet clinic, hospital, fire truck, and so much more!**

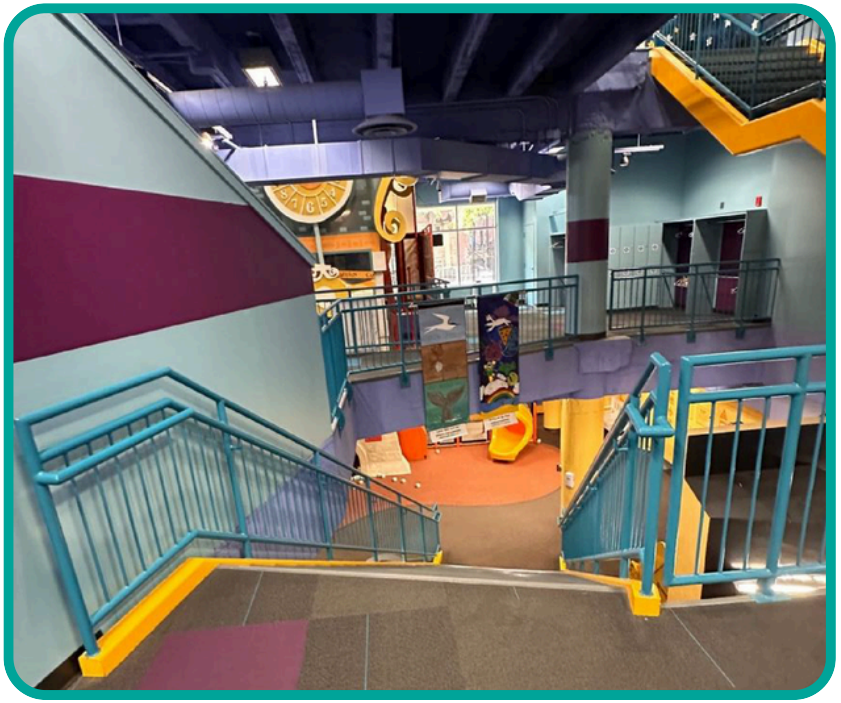

If I visit the Grow Zone area with a friend or family member who is under 3, I will need to take off my shoes and put them in a cubbie to keep the floor nice and clean in that area.

I can also visit this area with my adult if I am feeling overwhelmed and need a calm place to reset.

# Main Floor

**Next to the bank, I'll notice the stairs to the basement can be accessed.**

**If I don't like the stairs, elevators are also available.**

# Upper Floor

**On the upper level of the museum there are also new things to discover.**

**I will see**
**The Orchard, where I can push, jump, and turn items to harvest apples.**

# Upper Floor

**Or, I can build with colorful blocks using buttons to control Riley the Robot's long, electric arms.**

**There is a photobooth exhibit where I can take my picture with Husker-themed scenes. My adult can email my picture to themselves so we can keep it to look at once we get home.**

# Upper Floor

If I get hungry while we are at the museum I can visit Kazoo's U-STOP cafe on the upper level for a snack. I can have my snack inside at a table or outside on the patio.

The cafe is only open during specific times. If they are closed, other snacks are available by the Welcome Desk on the main level.

# Upper Floor

**If I need a break from exhibit play, or just a quieter place to be, I can visit Tinker Theater to play with table top activities.**

**Tinker Theater has special hours though, so my adult can check the Museum's website to plan our visit times if needed.**

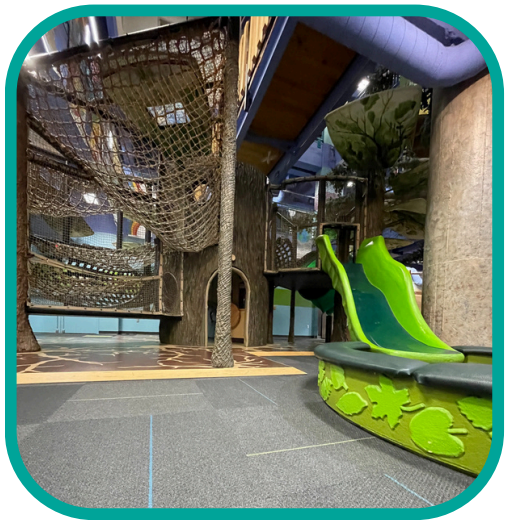

# Lower Floor

**When I visit the lower level of the Museum, I will notice lots of big areas to play.**

**I can enter Kazoo's Cuckoo Construction and the Luckey Climber from this level.**

**I can dress up and put on a show at the Johnny Carson Theatre.**

**I can visit the Exploring Trees–Inside and Out exhibit and find engaging sensory-friendly activities throughout.**

# Lower Floor

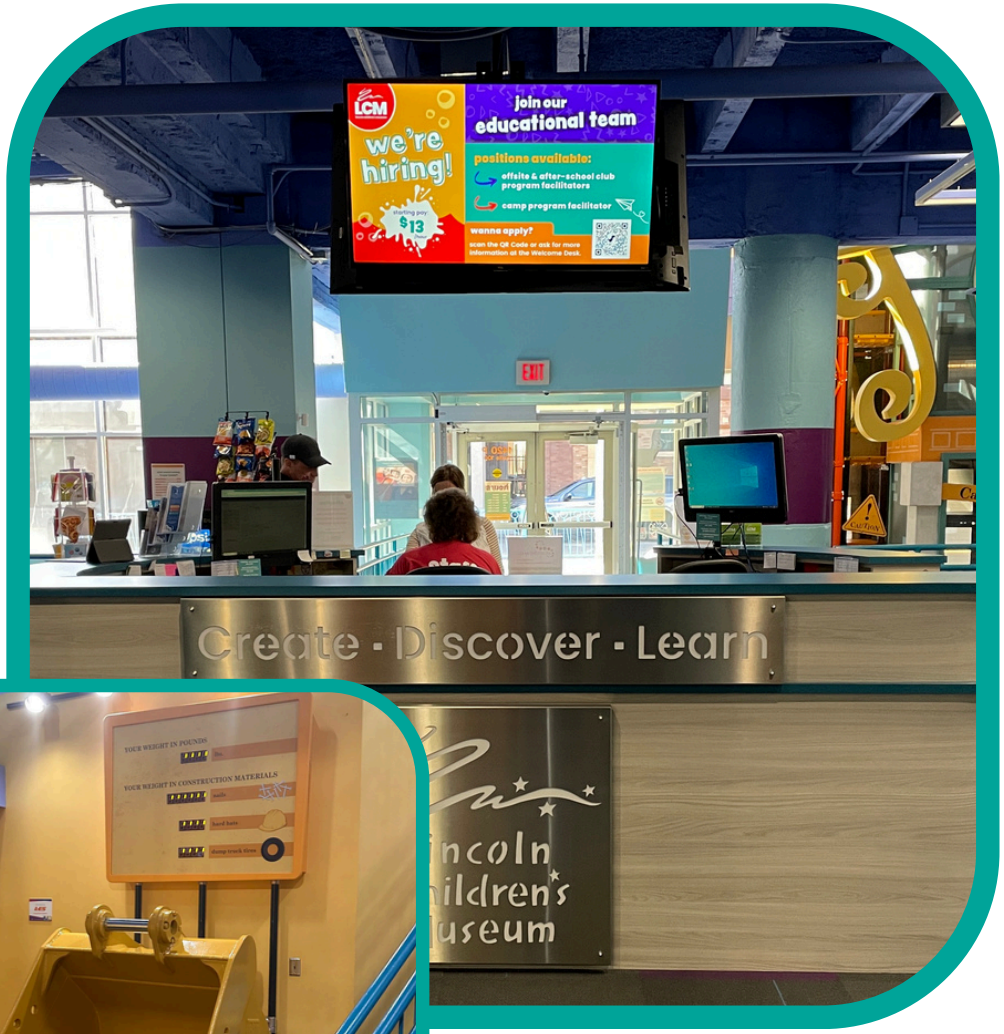

**I will also notice an exhibit called Here We Grow! There's so much fun to discover!**

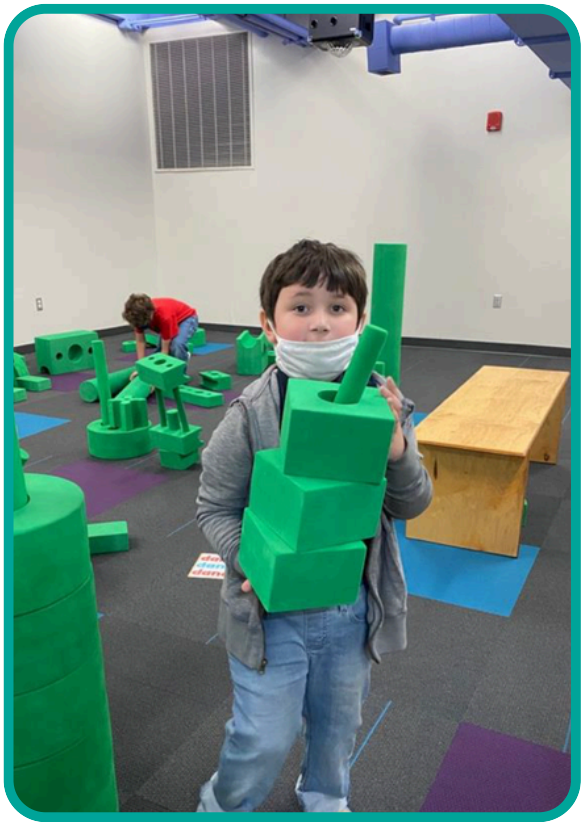

**When I am all done playing, it will be time to go. I can use the stairs by the bulldozer.**

**If I followed the rules by taking turns, using walking feet, and listening to my adult, I will be able to come back.**

**I can't wait to come and play again soon!**

**Dedicated to Maxwell.**

**With love,**
**Mommy (Cris)**
